A night scene featuring several palm trees and a utility truck. The palm trees are decorated with warm white string lights, with one tree in the foreground having a particularly dense and bright display. A white utility truck with a bucket lift is parked on a grassy area, also decorated with lights. The truck has a sign that reads "LIGHTS UP" and "U.S. NIGHT LIGHTS". The background shows a dark blue sky and some foliage. The word "Inspiration" is written in a large, glowing, cursive font across the middle of the image.

Inspiration

FOLIAGE

Sequoia Fir

Sequoia Fir is the go to product. Our newest line in the collection boasts some of the best shaping foliage and thickest PVC Material which will prevent crushing and make shaping a breeze. The Sequoia Fir realistic looks, durability and easy to shape product will make this your go to!

HANGING DECOR

Spritzers

Our twinkling LED Spritzers are our most popular hanging décor item. Most commonly used as an alternative to tree wrapping, Spritzers can be hung from branches and archways or staked along pathways or flower beds and more! Plus, their flexible construction allows them to collapse neatly for storage.

HANGING DECOR

Starlight Spheres

These brilliant orbs of light add a pop of color to trees, yards, and porches! The spheres' 5MM LED bulbs are encased within a decorative star-shaped acrylic design. Weather resistant construction allows for year-round display, and stackable plugs provide for convenient installation.

TOWER TREE

Tower Tree Construction

Commercial Tower Trees

Our Tower Trees are constructed with a high-strength steel frame and lush PVC foliage. All branches are the same size to eliminate mistakes at installation. All branches are individual to create a realistic appearance.

Mini Tower Trees

Mini Tower Trees are designed with the same commercial-grade standards, with a smaller size steel frame and a slender look. Mini tower trees are perfect for smaller budget projects that still need a wow factor.

Tower Tree Features at a Glance:

- Add height in 2-foot sections for trees ranging from 12 - 60 feet high
- Evenly shaped from the base through the top
- Engineered cable points and heavy duty wiring harness secure the tree
- Commercial-grade construction for indoor or outdoor use in homes and businesses
- Strong framework designed to withstand weather and weight
- Identical branches used throughout for easy assembly
- UV protected foliage
