SMART TRANSFORMER & DIMMER/CONTROLS

Introducing:

JARVIS

Dauer's 300W Wi-Fi SMART transformer in stainless steel.

• Three independent, zone-controlled channels with individual time scheduling.
• Wattage can be split into any configuration as long as a combined total of 300W is not exceeded, including wire load.
• Digital timer with astronomic feature (No purchase of additional timers or photocells needed).

• App is free, easy-to-use and shareable.
• App feature accounts for overall loads and power consumption.
• Digital power meter (app-specific function) allows viewing of real-time power consumption and monthly history.
• Holds multiple home runs per zone.

• Settings are saved in the cloud. No re-programming needed due to power loss.
• Wi-Fi based® (recommended). Bluetooth® also available. iOS and Android friendly. Amazon Alexa and Google Home voice compatible.

All hardscapes are offered with a quick disconnect option.
To order, add a "-QD" after the respective fixture order number.
For example, to order the Timberline with quick disconnect, order as 490082-2W-2700K-QD.

Achieve approx. 33% lumen reduction with a lightly frosted lens.
Achieve approx. 50% lumen reduction with a heavier frosted lens.
Amber lens: Achieve approx. 60% lumen reduction for a dramatic ultra-warm effect.

BOLLARDS

MINIMALIST SERIES

The Minimalist Series bollards are an excellent solution when a project involves the use of simple design elements, without ornamentation or decoration. This series pairs well with minimalist architectural designs.
